i) **ADDING AN EVENT VIA QR CODE**
(If you don't have a QR code please see [page 8](#))

a) You can add performances by using a QR code. The big advantage of using QR codes is that event data will be transferred automatically, so you do not have to put in information manually. You receive the QR-Code for your event directly from the organizer (→ the organizer of the event either hands it to you at the event or they can also send it to you via e-mail; if you do not receive it from the organizer automatically, please ask them for it.)

b) If you have received a QR code from the organizer, please click 'Weitere Veranstaltung mittels QR-Code hinzufügen' (=add another event by using a QR code).

"MEINE VERANSTALTUNGEN" MIT QR-CODE

You have several options for **adding the QR code**: You can either scan the code, upload it as a picture or enter it as a token (a combination of letters and digits).

- To scan the code, please click 'QR-Code scannen' (=scan QR code) and point the camera at the QR code. You will be redirected to the next page.
- To upload the QR code as a picture (.jpg), please click 'als Bild hochladen' (=upload picture) then choose the correct file on your device and upload it. You will be redirected to the next page.
- To enter a QR code token, please enter the combination of letters and digits, which can be found under the QR code and click 'bestätigen' (=confirm).

The data of your event will be displayed. Click 'Zu meine Veranstaltungen hinzufügen' (=add to my events) to save the event.

SUBMISSION OF LITERARY WORKS

In case your program of the event included literary works and you have therefore filled out the field "Dauer eines literarischen Werks" (=duration of a literary work), the program notification may only contain one event.

Please enter the duration of the literary work (e.g. 15, 30 or 45 minutes) when entering the event data.

Confirm your entries by clicking on 'Übernehmen' (=apply).

In addition to this program notification via our online portal, please send us an email to programme@akm.at including the following details about the event and the literary works:

- Date
- Venue
- Group
- Literary work, presentation, prose, recitation, etc.
- Author & publisher
- Duration of the individual spoken passages

Back on the overview page you can still make changes to the submitted time and duration by clicking the pen icon (changes to the event location and date are not possible anymore). If you need to make changes in the date, venue or organizer information please delete the whole event by clicking on the bin icon and add a new event.

Remove figures to return to the complete list

If you are submitting your first program notification or if you are submitting musical works, which have not been submitted on a setlist before, you have to click on 'Manuelle Erfassung (=manual entry).
The musical works will be saved and will be available next time you submit a setlist for the same group.

(Please note that your repertoire list is group-specific; you can import a repertoire list from one group to the repertoire list of the currently used group – see [page 14](#) for more information).

IMPORTANT INFORMATION!

Musical works, you have [registered before in our database](#) are not automatically shown in your repertoire list for program notifications.

In your repertoire for program notifications, musical works cannot be changed later! If your entry is incorrect/incomplete, you need to delete the work in the program notification AND in the menu 'Repertoire'.

Note that you can only delete works in the menu 'Repertoire'. Adding new titles is only possible during a program entry ('Manuelle Erfassung' – Manual entry) or in the menu 'Setlist-Vorlage' (=setlist template) creating a new setlist.

ADD MUSICAL WORKS MANUALLY

Click 'Manuelle Erfassung' (=manual entry).

Please fill in all the fields and let us know whether the title was sung or if it is an instrumental piece only. The more information you can provide, the better we can assign the correct title. If you do not know the composer and author of a third-party work and cannot be researched, you can alternatively enter the usual performer in the Composer field. Under no circumstances should this field be left blank.

In the field 'Datenübernahme' (=data transfer), you can see already saved works from the repertoire menu.

iii) SETLISTS

You can create and save "ready-to-go"-setlists, which you can add to your events. In this case you don't need to choose all musical works you performed at a certain event separately from your repertoire list, you can simply assign an existing setlist to an event.

When you create setlists, make sure that none of them have the same name. If you are performing the same title sequence as a duo and also as a trio, for example, then you must also create these two groups and then name the setlist accordingly.

CREATE A SETLIST

If you want to create a new setlist with your entered titles, pay attention by giving it a name, because the setlist is always group-specific.

HOW TO SORT YOUR MUSICAL WORKS

For a better overview, you can sort your titles numerically or alphabetically. Click the underlined headings (Nr./Titel). The data can be sorted in both ascending and descending order.

With numerical sorting, you also have the option of changing the order by moving works up or down. Use the arrows next to the delete icon.

The number of performances must be indicated per event. Regardless of whether you have entered one, two or more events; please enter the number of times you have played the title for each event.

The total sum (Σ) of the performance numbers is filled in automatically and cannot be changed.

NUMBER OF PERFORMANCES (=Aufführungzahl)

The number how often a title was played has to be filled in per each event. If you have added one, two or up to ten events, you have to fill in at each event how often you played each title. Mostly it will be 1 or 2 if you eventually played an encore.

The number of the event at the event data is the same as it is at the music titles. See the picture below.

The total sum of the number of performances is filled out automatically.

Useful Tip:

We recommend using setlist-templates if...

...you submit several performances in one program notification

...your performances lasts several hours with a lot of titles

IMPORTANT!

The number of performances indicates how often a piece of music is played per event.

MINIMUM STANDARDS!

A minimum of 3 and a maximum of 18 titles per hour of net playing time are plausible.
Alternatively, one title can consist of three short titles.

SUBMIT YOUR PROGRAM NOTIFICATION

When you have filled in all the required information, click ‚Einträge speichern‘ (=save entries). If you want to make changes to your entries click ‚zurück‘ (=back).

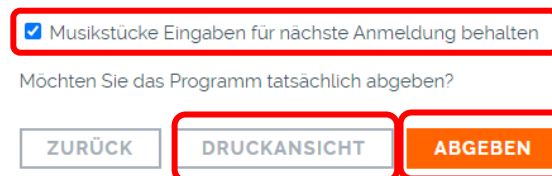

If your entries are complete and you made sure all the information is correct, click ‚Weiter‘ (=continue).

You will then see a preview of your entered program. You can still make changes to your program notification at this point.

In case you want to use the same titles for your next program entry, please put a check mark in the box ‚Musikstücke Eingaben für nächste Anmeldung behalten‘ (=keep titles for next entry).

If you want to print the preview of your program notification, click ‚Druckansicht‘ (=print preview).

Please make sure all of your entries are correct and complete before sending the program notification. For later correction it is only possible to delete the whole program notification and start again.

To submit it, click ‚Abgeben‘ (=submit).

You will receive a confirmation for your submission. Here you can print also a pre version of your program notification.

CONFIRMATION

BESTÄTIGUNG

Vielen Dank! Wir haben Ihre Programm-Meldung erhalten.

Wie geht es nun weiter:

Veranstaltungen, die Sie manuell eingegeben haben: Ihre eingegebenen Daten werden nun von uns geprüft und anschließend für die Abrechnung vorbereitet. Die Prüfung kann einige Zeit in Anspruch nehmen, daher bitten wir Sie um Geduld und von Anfragen abzusehen. Sobald die Prüfung abgeschlossen ist, werden Sie per E-Mail von uns verständigt.

Veranstaltungen, die Sie mittels QR-Code gemeldet haben: Wir behalten uns vor, den Veranstalter unter Umständen über Ihre Programmmeldung zu informieren. In diesem Fall hat der Veranstalter die Möglichkeit, innerhalb von 21 Tagen dem Auftritt zu widersprechen.

VA, die Sie über die Suche in Veranstaltungen gemeldet haben: Der Veranstalter wurde von uns nun über Ihren Auftritt informiert und muss diesen innerhalb von 21 Tagen bestätigen. Sollte der Veranstalter Ihren Auftritt nicht bestätigen, werden Sie darüber per E-Mail von uns informiert, neben Ihrem Programm findet sich außerdem weiterhin ein rotes Symbol.

Sie können in den nächsten 21 Tagen nun noch Korrekturen an der Spielzeit und an den Musikstücken vornehmen. Sie finden das Programm unter der Überschrift ‚Abgegebene Programme‘.

Anschließend ist eine Korrektur nicht mehr möglich, das Programm findet sich dann unter Übertragene Programme.

You can also see the current status of an event on the confirmation page.

- **QR-Code entry**

The event is initially marked with a green tick  Now the correction-/verification period is starting (21 days).

During this period, we reserve the right to contact the organizer. In this case the organizer has the opportunity to disagree to the performance. If there is no disagreement, the performance is confirmed and is shown with a green tick. After the period has expired, your setlist will be moved from ABGEGEBENE PROGRAMME (=SUBMITTED SETLISTS) to ÜBERTRAGENE PROGRAMME (= TRANSFERED SETLISTS) and is sent to us for further processing.

In case the organizer disagrees with your setlist submission you will receive an email notifying you of this situation and the event will be marked with a red X. 

- **Entry by event search**

The event is initially marked with a red X. Now the correction-/verification period is starting (21 days).

During this period, the organizer has the opportunity to confirm the event. If a confirmation is received, the event is verified and is indicated by a green tick.

If no confirmation is received by the organizer within 21 days, your performance cannot be distributed. After the period is expired, your setlist will be moved from ABGEGEBENE PROGRAMME (=SUBMITTED SETLISTS) to ÜBERTRAGENE PROGRAMME (= TRANSFERED SETLISTS) and will remain marked with a red X.

- **Manuel entry of event data**

The event is initially marked with a magnifier glass  and the information will be transferred to our licensing department.

The event data will be checked now by our licensing department. **This may take some time, so please be patient and refrain from making enquiries.**

As soon as a result is available, you can see the status (green tick or red X) and the correction/verification period begins to run (21 days).

In case the licensing departments check was positive your event is marked with a green tick and you receive an email notification.

If the result of the check by the licensing department is that this event is not eligible for licensing your event is marked with a red X and you receive an email notification including the reason for rejection.

After the period is expired, your setlist will be moved from ABGEGEBENE PROGRAMME (=SUBMITTED SETLISTS) to ÜBERTRAGENE PROGRAMME (= TRANSFERED SETLISTS) and will be marked with a green tick or a red X.

Please note that the status change in the service portal and the notification by email will only take place within the correction period. In individual cases, the billing status may also be changed at a later date (e.g. if the event subsequently turns out to be a charity event). In these cases, the symbol in the service portal will change, but no further e-mail notification will be sent.

Please Note: Some setlists, that were submitted to us before 17 February 2025 are not marked with any symbol. The reason for this is a technical one, it has nothing to do with missing confirmations, etc. These setlists are already in preparation for distribution.

6. CORRECTION PERIOD

After submission you have 21 days to make corrections to the musical works. If the minimum standards (see page 17) are not fulfilled and no changes are made within the correction period, the program notification will be distributed under "Standard Distribution" (for further information see Section C, 2nd main chapter of the distribution rules). If the minimum standards are fulfilled or not you can see in the column "MST erfüllt" (see below). "JA" indicates, they are fulfilled, "NEIN" indicates they are not fulfilled.

If you want to make changes during the correction period, go to 'Meine Programme' (=my setlists), select 'Aufführung in Österreich' (=performance in Austria), click 'Weiter' (=continue) and click the pen icon next to the program notification you would like makes changes to (you find it under 'Abgegebene Programme' (=submitted program notifications)).

Please note that changes to the event data cannot be made anymore at this point!

In case of an incorrect entry, the setlist can only be completely deleted and re-entered (please contact us via programme@akm.at in this case).

No changes are possible after the 21-day period has expired. The program will then be available for download as PDF or CSV-file in the category 'Übertragene Programme' (=transferred setlists).
